

## **FACILITY USE GUIDELINES**

The Gallo Center for the Arts acts as a presenter of fine arts and quality entertainment events, and is home to five resident company organizations. Additionally, the Center is available for ticketed public events by concert promoters, national touring companies, community-based organizations, and other entities. Non-public events are considered on a case-by-case basis and must meet the Center's use and scheduling criteria, particularly in regard to compatibility with our mission statement as a non-profit performing arts organization.

Our venues, the Mary Stuart Rogers Theater and the Foster Family Theater, feature state-of-the-art sound and lighting equipment. With audience capacities of 1,250 in the Rogers Theater and 444 in the Foster Theater, these spaces are ideal for a wide variety of uses. Capacity numbers are approximate, depending upon production requirements. For information about facility use, please call House Manager Ian McVey at (209) 338-5024.
